

NJPACE Associates Program

“We are looking for passionate, thoughtful, community-minded individuals who want to make a difference by encouraging businesses, property owners, and municipalities to take advantage of the NJEDA’s new Garden State C-PACE Program. The program cuts emissions, saves property owners money, increases resiliency, and brings jobs and investment to communities. We need evangelists/ambassadors in every county and major municipality to explain the benefits and how to realize them.”

If you are concerned about the climate and want to learn about this new industry, our Associate program offers knowledge, contacts, and tools to support your entrepreneurial drive. This is an opportunity to enter the green economy in a new way and build a network of local relationships to support our state’s climate and resiliency goals.

Empower Your Community | Facilitate Clean Energy Projects | Earn Referral Fees

Our invitation

NJPACE invites experienced individuals and community activists to join our Associates Program, a unique opportunity to collaborate on advancing clean energy and resiliency finance across New Jersey.

What is the NJPACE Associates Program?

The program enables motivated individuals to:

- **Originate Projects:** Identify and refer potential C-PACE (Commercial Property Assessed Clean Energy) projects.
- **Support Municipalities:** Assist local governments in adopting and managing C-PACE programs.
- **Earn Compensation:** Receive referral fees for each successful project you bring to the table.

Why Join?

You can make a tangible impact on sustainability and economic development while expanding your professional network in clean energy, real estate, and finance. Work independently or part-time while potentially earning additional income.

Who Should Apply?

- Energy consultants, real estate professionals, municipal advisors, and financial specialists.
- Retirees or independent consultants seeking flexible, mission-driven work.

Get Started Today!

- Receive training and resources to help you succeed.
- Partner with NJPACE to streamline projects and connect with stakeholders.

Visit NewJerseyPACE.org/Associates for more information and to apply.
